PRIORITIES

Enhance the student experience and support learning by creating responsive and innovative physical and virtual spaces.

Support student growth in co-curricular learning from entrance to graduation.

Build diverse and sustainable collections that support learning and teaching.

Provide effective and impactful support for applied research.
MISSION

Guiding and inspiring discovery and learning through research, educational resources and academic supports.

VALUES

Inclusive...
welcoming and respectful to all.

Responsive...
to unique student and faculty needs.

Team Oriented...
to learn and share with one another and build College and community partnerships.

Evidence-based...
in order to make the best decisions we can.

Resourceful...
at finding solutions and helping to remove barriers to learning.
