HEALTH CENTRE OBJECTIVES

The Health Centre has now been moved to its new location. The objective of this department is to promote and maintain the highest degree of health to students and staff. This will be done in the following ways:

1. Provide emergency care in the event of accidents which occur on the premises. If necessary, referrals will be made to a clinic or hospital, and transport arranged.

2. Be available for care in the event of illness of students and staff. Facilities are available in the Health Centre for short term care.

3. Provide health teaching and guidance for students who require same, and for students not familiar with a doctor or dentist in the city, and wish to consult one. Appointments will be arranged where deemed necessary.

4. To carry out follow up treatment when indicated, i.e. subsequent dressing changes, etc.

5. To maintain records of accidents and illness which occur in the complex, as well as records of chronic conditions affecting the health and welfare of a student - i.e. epilepsy, diabetes, etc.

6. To note possible health and safety hazards.

7. To assist individual areas to maintain first aid supplies and records.

Mrs. Phyllis Law, R.N., is most anxious to meet these objectives. Your cooperation and assistance is requested in helping her to do so.

IN MEMORIAM

ADAM F. URSEL

January 1, 1909 - December 6, 1969

FOR ONE WHO TAUGHT

Man's province is the universe, you said-
Ours to explore in nature and in books...
The careless shrugged, amused by those who read
Enthancing love behind your quiet looks.
Lifetime of days gathered to dusty days
You helped your shuffling adolescents tell
On write their greening thoughts. Who earned your praise,
Forgot the moving minute and the bell.
Yet did your life illuminate even theirs
Whom you seemed not to reach. For time has proved
They, too, know moments when intense light flares
On words they did not even know they loved;
Then is your name a banner on the wind,
And thought of you a jewel in the mind.
Welcome of New Staff.

Several people joined us in December:

Mrs. Janice Windsor - draughtswoman in the Staff Services Department. Janice completed our Mechanical Drafting extension course several years ago and has worked for the Manitoba Telephone System, Canadian Wildlife Service and Underwood McLellan. She can be found in Room C-316 and is most anxious to serve the staff in the preparation of instructional aides, etc.

Mrs. Valerie Stanekewich - Clerk Typist in the Learning Resources Centre, where her duties include counter and records work, etc. Valerie completed her Grade XII (commercial) at Springfield Collegiate, Oakbank, Manitoba. She previously worked for the Department of Health.

Miss Mary Huebert - Clerk III in Registration Department. Mary holds a B.A. from the University of Manitoba. She worked for many years for a local jewellery store and also several years with the Federal Government before joining us.

New Literature Course.

Walter Yanchyshyn informs us that he is working on a new General Education course entitled 'Enjoying English Literature'. We therefore offer the suggestion that the course start with a study of the immortal bard - William Shakespeare! It could start with the famous love scene in Juliette:

"O Romeo, Romeo! Where'd you hook this Romeo?
Put down your old man and lose that label
Or, if you won't buy the bit, tell me I'm your chick
And I'll like cut out from this Capulet scene."

and then carry on to the Seven Stages of Man:

1 - Wha-a-a! I want my mama!
2 - G'wan, beat it. We don't want girls playing with us!
3 - Gee, Alice, you're beautiful!
4 - If you don't marry me, I'll shoot myself!
5 - All right, go home to your mother. See if I care.
6 - She's younger than I am, Alice, I admit, but she understands me.
7 - Kitchy-Koo! Did you hear that, Alice? Listen, she said 'Grandpa'!

Editorial Comments.

With the growth of the Red River Community College have come problems of communication or rather, lack of communications. We referred to this fact in our first Bulletin and it was again brought to our attention when talking to various members of the staff, especially new employees. This little sheet is one attempt to communicate in an informal way and it is gratifying to learn that it has created some interest. Some of you have contributed to the editor.

The administration is also working on more formal means of communication. One of these is by Directives which will outline some of the guidelines, procedures, and policies by which we operate. A number of these will be issued within the next several weeks. It is also anticipated that more formal procedures for the orientation of new staff can be developed. What format this will take has not yet been decided.

As one wit put it, "83 per cent of man's knowledge is brought to him through his eyes - the rest he gets from his wife!" It is the first one we want to concentrate on at this time.

Acknowledgements.

The 'in memoriam' verse was written by Ing Smith and appeared in the Red River Valley Echo (Altona) on June 27th, 1956.
